To

C.S.Balsundram Iyer, Esq., B.A.,
Chief Secretary to Government
of Mysore, B a n g a l o r e.

Sir,

With reference to your letter No. 14,405 Sanitary dated the 23rd December 1919, I have the honor to state that a Sanitary Inspector is not competent to hold charge of the Public Health Department in the District - not being a medical man. Taking into consideration one function alone that of the prevention of infectious diseases, a combination of both medical and Sanitary knowledge is quite essential. On the other hand, a sub Assistant Surgeon - even if he - should receive a special training in sanitation - has not the status to be at the head of the Sanitary Department in the District. The Medical Officers in charge of the various local fund dispensaries in the District some of whom are Assistant Surgeons having in one way or another, a share in the responsibilities and duties connected with the Sanitary Department, the adjustment of their relations to the District Sanitary Officer recruited from the suborinate grade, will involve insuperable difficulties.

2. I beg also to point out that our efforts, so far, have been directed towards finding for the District Sanitary - Officer a place in the scheme of District Sanitary administration so that, as assistant to the Deputy Commissioner, he -

might be in intimate touch with everything that pertains to Sanitation in the District. By the proposed substitution of high professional training by one of a very much lower order, whatever momentum has until now been gained for effective Sanitary work in Districts will rapidly be lost.

3. Under these circumstances, I cannot recommend the adoption of the scheme proposed.

I have the honor to be,

Sir,

Your most obedient servant.
